dkcranehire.com.au

17.9 m boom length includes manual 3rd extension. Ratings for manual extension are structural and based on boom angle, not radius. The ratings do not change if the power sections are retracted with the manual section extended. Lifting capacities do not exceed 66.6% of tipping load. Weight of hook blocks and slings is part of the load, and is to

For over 40 years, Franna ® has been the market leader in the design and manufacture of quality pick and carry cranes.. Franna pick and carry cranes live up to their name with the strength and easy operation to pick up heavy loads and the steering flexibility to move in tight spaces.

The 20T Franna is compact with exceptional load capabilities, featuring adjustable wear pads and boom structure that provides enhanced safety and the ability to handle all sorts of terrain. With the slightly shorter jib of 17.9m and the 3rd section being a manual extension, ...
