2WD. AUTOMATIC. 81,000 MILES. I have had a problem with the service engine light for about 6 months. I originally went to Auto Zone and they said that the code reading indicated an emission problem and that I should run 93 octane gas and add Lucas fuel injector cleaner and the problem should go away.

Chevrolet Master. 1,413 Answers. Re: Chevy Blazer Service Engine Soon light is blinking... Engine soon flashing is a urgent code (P0300) it is multiple misfire and the result is converter catalyst could be red and create exhaust leak. I am concern about misfire it is very dangerous for converter and fire in the car or melted carpet.

10/3/2021 · The Service engine soon light means that there is a minor problem with the electronics or your car's engine. Some manufacturers use the service engine soon light instead of the check engine light when there is just a minor problem with your car and not a severe problem.. It could also mean that it is time for a scheduled service, such as oil or spark plug replacement.

3/9/2019 · Your Chevy Trailblazer's service engine soon light is there to let you know that some sort of problem has been detected with the vehicle. Any vehicles made in 1996 or newer use OBDII codes, which can easily be retrieved from a good code
