7/10/2020 · ? Our Ph.D. Program within @mayoclinicgradschool is currently accepting applications! As a student, you'll join a national destination for research training! Here are a few need-to-know highlights:
? Eight specialization tracks, including the NEW Regenerative Sciences (REGS) Ph.D. track.

1/6/2015 · Situs inversus is a condition in which the arrangement of the internal organs is a mirror image of normal anatomy. It can occur alone (isolated, with no other abnormalities or conditions) or it can occur as part of a syndrome with various other defects. Congenital heart defects are present in about 5-10% of affected people. The underlying cause and genetics of situs inversus are complex.
