The “draft a fitting shell, design by altering that” approach is the way fashion designers and custom dressmakers are taught the basic principles of pattern making. But underlying these, the general aims are to : - get a good fit, - make a garment pattern for the style you want. And you can often achieve these more easily by other methods.

There's a lot of fashion terminology and abbreviations that are unique to our industry. And if you don't use the right language, you'll look like a novice in this competitive field.
