Communication U.S. History This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences

Technology, globalization, and other forces have dramatically changed the practice of business communication in recent years. The Eleventh Edition offers in-depth coverage of new and emerging media skills and concepts, as well as chapter-opening vignettes, figures, and communication cases that expose students to professional use of social media and other new technologies.
