Seventh Edition A primary goal for the seventh edition was to deepen readers' ability to employ a developmentally informed manner with children. That has been our goal since the first edition, yet our motivation intensified with the rising tide of research on strate-gies for nurturing children's academic skills and resilience.

Injury is a major health problem for Australian children. Each year approximately 150 children die as a result of injury.<sup>1</sup> For every one child that dies, a further 450 will be hospitalised. Many of these will require ongoing medical care. About one-third of the children injured are younger than five years old and half of these injuries occur at ...
