modern_evolutionary_classification_answer_key 2/3 Modern Evolutionary Classification Answer Key [DOC] Modern Evolutionary Classification Answer Key Teaching About Evolution and the Nature of Science-National Academy of Sciences 1998-05-06 Today many school students are shielded from one of the most important concepts in modern science: evolution.

Modern Evolutionary Classification. Clades and Traditional Taxonomic Groups. A clade must be monophyletic. This means that it contains an ancestral species and all of its descendants, and no species that are not descendants of that ancestor. Cladistic analysis shows that many traditional taxonomic groups do form valid clades.

Evolution)&Classification)Test)Review) 1. What 'famous' scientist is 'considered' the 'father' of 'modern' evolutionary theory, 'and' on 'what ...
