Use the parts manual to obtain the same fuel inlet fitting that was installed in the original carburetor. Install the fuel fitting in the new carburetor body in the same position as on the original carburetor. Support the carburetor body with a wood block to avoid damage to other parts. Use a bench vise or press to install the fitting squarely.

Advanced Sonic Processing Systems – Lot Catalog. Lot Closings: Lot Closings: The Lots will have a staggered closing time with 2 closing every minute in numerical order. For Example: Lots 1 and 2 will start to close at 10:00 AM, Lots 3 and 4 will start to close at 10:01 AM and so forth. (On the day the auction is set to close, each lot will clearly countdown the time left until closing.)

A power tool is a tool that is actuated by an additional power source and mechanism other than the solely manual labor used with hand tools. The most common types of power tools use electric motors. Internal combustion engines and compressed air are also commonly used. Other power sources include steam engines, direct burning of fuels and propellants, such as in powder-actuated tools, or even ...
