The enduring popular fascination with crime and criminality suggests that history matters. In the most obvious sense, current representations of crime in the media bear traces of earlier codes and practices. Recognizing this past enables a more sophisticated understanding of the present—especially since many current controversies have much longer histories than is usually acknowledged.

Abstract. Since the 1960s, crime has been studied from a historical perspective. As a result of the epistemological rapprochement between history and the social sciences, a history of crime and criminal justice has arisen at the intersection of a critical criminology, social and political history, the history of law, and social and cultural anthropology.

30 Reorienting criminal justice history in this way promises to reveal how far the response to crime was shared between civil society and the state. Research on the contribution of the press, private companies and ordinary people to criminal justice and crime control will demonstrate

Download Crime And Power A History Of Criminal Justice 1688 1998 Origins And Development Of Criminal Justice Policy 1700 1997 Longman Criminology Series.pdf

that dealing with crime was not simply the job of the new police.
