15/3/2021 · LEAs have expressed interest in tutoring as one potential approach for accelerating students' learning during summer school and in the coming school year. High-dosage tutoring is a proven, effective strategy for increasing student outcomes, with a strong research base (Fryer, 2016). For LEAs interested in high-dosage

advantages to firms in knowledge-intensive industries” (2004 p.6). Such advantage lies in the ability to combine resources and ideas in novel ways, but also from the ability to move from one possible collection of resources, people and ideas to another if that particular project is deemed to be a “failed” experiment (Sorenson 2018).

An intensive course is often short but regular. In other words, an intensive course may only last for a couple of months, rather than the whole school year—but at the same time, you may go to class every day of the week. With intensive courses, you go to classes ...
