Embedded actions and features add to both the interactivity and the educational value of this A320 type rating course, which walks you step-by-step through all the systems and associated operations, providing far more visual explanation than a typical aircraft manual.

American Eagle (airline brand) - Wikipedia

American Eagle is an American brand name for the regional branch of American Airlines, under which six individual regional airlines operate short- and medium-haul feeder flights. Three of these airlines, Envoy Air (formerly American Eagle Airlines), Piedmont Airlines, and PSA Airlines, are wholly owned subsidiaries of the American Airlines Group.

Stabilator - Wikipedia

A stabilator, more frequently all-moving tail or all-flying tail, is a fully movable aircraft stabilizer. It serves the usual functions of longitudinal stability, control and stick force requirements otherwise performed by the separate parts of a conventional horizontal stabilizer and elevator. Apart from a higher efficiency at high Mach number, it is a useful device for changing the aircraft ...
