& P1161, which are "Fuel Trim Additive Bank 1 High and Fuel Trim Additive Bank 2 High".

10/3/2021 · The Service engine soon light means that there is a minor problem with the electronics or your car's engine. Some manufacturers use the service engine soon light instead of the check engine light when there is just a minor problem with your car and not a severe problem.. It could also mean that it is time for a scheduled service, such as oil or spark plug replacement.

17/12/2013 · The engine light is not specific to any one thing. It is only meant to inform the driver that there is a problem with engine management / emissions control. This light comes on when the car's engine management system senses an emissions impacting fault. This has nothing to do with oil service, coolant level, or any regular maintenance items.

20/4/2017 · Method 1. How to reset the service engine soon light using the Ignition switch and accelerator pedal combination. 1. Turn the Ignition to the ON position. Take the driver's seat and turn the ignition switch to the ON position but make sure you do not start the car and wait for 3-5 seconds. 2.

3/9/2019 · A flashing service engine soon light is telling you that something needs immediate attention. If your service engine soon light is on, you'll need to pull these trouble codes to see what is wrong with your Frontier. The trouble codes don't even necessarily mean that there is an engine problem.

The Service Engine Soon Light means that there is a fault code in your Computer system that controls your engine and emissions system. If you just had fuel put in, check your gas cap first and foremost. Other wise, you will need to have the code scanned and repaired, the light will not go off

22/1/2021 · If your BMW check engine light (or service engine soon light) stays on, it means that the Onboard Diagnostic System (also known as Digital Motor Electronics DME) has detected a problem with the emission system, engine, or transmission. BMW check engine light may come on due to something as simple as a loose gas cap, but it can also indicate an expensive engine or transmission problem.

Whenever your BMW "Service Engine Soon" light appears, know that it's time for routine service such as an oil change. Note that the car's computer system integrates the number of miles that have been driven with other variables that indicate when your car should be serviced.

20/4/2017 · Method 1. How to reset the service engine soon light using the Ignition switch and accelerator pedal combination. 1. Turn the Ignition to the ON position. Take the driver's seat and turn the ignition switch to the ON position but make sure you do not start the car and wait for 3-5 seconds. 2.

Service engine soon" light came on on my '05 BMW X5 3.0i. The code I got is P0036 Mod\$12 HO2s Bank 1 Sen 2 Heater - Answered by a verified BMW Mechanic We use cookies to give you the best possible experience on our website.

The "Service Engine Soon" light in your BMW is similar to a "Check Engine" light in other cars. Your car has a computer which runs
