A diagnostic assessment digs deeper and helps you identify gaps in knowledge or skills. Diagnostic assessments are typically administered one-on-one and take longer to complete because they are looking for specific areas of strength and weakness. Many of the reading assessments given in school districts, like DRA or BAS, are diagnostic assessments.

Grade 1 - WIF has been found to be one of the strongest predictors of reading outcomes for 1st grade students. Therefore, we suggest at a minimum that a universal screen for 1st graders include measures of WIF. To enhance the accuracy of the screening results, students initially identified by the screen should have their progress monitored for several weeks (the research-based recommendation ...
