12/7/2021 · - Dr. James A. Clifton, Department of Anthropology, Western Michigan University This superb, fully illustrated reference offers the most up-to-date and essential facts on the identity, kinships, locations, populations and cultural characteristics of some 400 separately identifiable peoples native to the North American continent, both living and extinct, from the Canadian Arctic to the Rio Grande.

The Encyclopedia of Native American Tribes is designed to tell part of the story of Native North Americans—a subject matter that, although central to the story of North America, receives all-too-little emphasis in public education. The book tries to give in an accessible format an overview of historical events while imparting some of the
