Engineering Social

Justice And

service - Wikipedia

Sustainable

A social networking

service (also social

networking site or

social media) is an

online platform which

people use to build

social networks or

social relationships

with other people who

Download

Engineering Social

Justice And

share similar personal

or career interests,

activities,

backgrounds or real-

life connections..

Social networking

services vary in format

and the number of

features. They can

incorporate a range of
