Project economic analysis plays an important role in ensuring that the mandate of the Charter is met. To ensure consistency in the approach to project economic analysis and to assist ADB staff and consultants with methodology, ADB issues guidelines for the conduct of project economic analysis. Such guidelines were last issued in 1997.

economic analysis and can find it challenging—because, for instance, it relies on good outcomes data and a strong evidence base. Economic analysis needs to be robust, or else it is easy to find fault in calculations. If economic analysis is done poorly, it can lead to wrong decisions about the allocations of charitable resources.

3/1/2020 · The function of the financial analyst is based on the analysis of the financial statements, which is one of the main tools used in the financial and economic decision-making by the various parties ...
