The only book for students which explores the connection between emotional intelligence and effective leadership Emotionally Intelligent Leadership: A Guide for Students is based on a conceptual model that helps students to become emotionally intelligent leaders. Research from around the world has demonstrated that there is a relationship between emotional intelligence and leadership.

The OER textbook, created by the authors, replaces a proprietary, paper-based textbook and is delivered to students digitally, within a learning management system. Findings show that students are concerned about cost and convenience, and are likely to seek course content online before reading material in traditional course textbook.
