12/2/2021 · If you want to stop hurting yourself, you must get rid of your anger and become loving instead'. ' The Happiness Equation ' argues that external rewards are actually demotivating in the long run, and suggests that happiness can be derived by random acts of kindness, regular walks, and owning and accepting who you are as a person.

People data and analytics can help HR and others working in people management to solve business problems and make decisions. However, many people professionals lack both the confidence and analytical skills to make the most of their workforce data.
