health harm. This edition also includes safety information from the 1997 WHO publication Safety in health-care laboratories (1). The third edition of the WHO Laboratory biosafety manual is a helpful reference and guide to nations that accept the challenge to develop and establish national codes

Firefighting - Wikipedia

Firefighting is the act of attempting to prevent the spread of and extinguish significant unwanted fires in buildings, vehicles, and woodlands. A firefighter suppresses fires to protect lives, property and the environment.. Firefighters typically undergo a high degree of technical training. This involves structural firefighting and wildland firefighting.
