This book is filled with informative sketches and drawings, not to mention telling photographs of flying reindeer!

Most, if not all writers, have approached the adored Santa Claus tale in a variety of ways, but none have tried to explore the reasons behind it. Robert Sullivan provides documentation from Santalogists, historians, zoologists, and Arctic explorers to confirm that flying reindeer are anything but a myth, and that Santa Claus does, in fact, make his trek around the globe each Christmas Eve.

The author, with tongue-in-cheek humor, describes his search for the real Santa Claus. He records Santa's history, depicts elfin life, describes how Santa does what he does, introduces us to Santa's reindeer team and support staff, and ponders the future of Santa and his mission.
