Like the first edition, the second edition of Foundations of Strategy draws heavily on the ideas, theories and evidence presented in Robert Grant's text Contemporary Strategy Analysis. It has also benefited from the feedback and suggestions of academic staff and students in the many universities and colleges where Foundations of Strategy has been adopted.

In sum, the second edition of Real Analysis and Foundations will be a new book-even more lively and more vital than the popular first edition. I am happy to express my gratitude to my editor Robert Stern, who made this publishing experience a smooth and happy one. I look forward to hearing remarks and

criticisms from my readers, in hopes of
