health problems, including violence. 1,2,6,7  
Personal Injury Lawyer.pdf

The law, like medicine, is an inexact science. One cannot predict with certainty an outcome in many cases. It depends on the particular facts and circumstances of the case, and also the personal notions of the Judge who is hearing the case. However, the broad and general legal principles relating to medical negligence need to be understood.

When the rating schedule is readjusted, in no event shall the readjustment cause a Veteran's disability rating in effect on the effective date of the readjustment to be reduced unless an improvement in the disability is shown to have occurred, even if
