Ethical Issues in Health Promotion and Communication ...

Health promotion communication interventions invariably raise ethical issues because they aim to influence people's views and lifestyles, and they are often initiated, funded, and influenced by government agencies or powerful public or private organizations. With the increasing use of commercial advertising tactics in health promotion communication interventions, ethical issues regarding ...

Facilitated communication - Wikipedia

Facilitated communication (FC), or supported typing, is a scientifically discredited technique that attempts to aid communication by people with autism or other communication disabilities who are non-verbal. The facilitator guides the disabled person's arm or hand and attempts to help them type on a keyboard or other device.

Development communication - Wikipedia

Development communication refers to the use of communication to facilitate social development. Development communication engages stakeholders and policy makers, establishes conducive environments, assesses risks and opportunities and promotes information exchange to create positive social change via sustainable development. Development communication techniques include ...

Sexual intercourse - Wikipedia

Sexual intercourse may be called coitus, copulation, coition, or intercourse. Coitus is derived from the Latin word coitio or coire, meaning "a coming together or joining together" or "to go together", and is known under different ancient Latin names for a variety of sexual activities, but usually denotes penile–vaginal penetration. This is often called vaginal intercourse or vaginal sex.

(PDF) Qualitative Case Study Methodology: Study Design and ...

Qualitative case study methodology provides tools for researchers to study complex phenomena within their contexts. When the approach is applied correctly, it becomes a valuable method for health ...

Why is it difficult to implement e-health initiatives? A ...

19/1/2011 · The use of information and communication technologies in healthcare is seen as essential for high quality and cost-effective healthcare. However, implementation of e-health initiatives has often been problematic, with many failing to demonstrate predicted benefits. This study aimed to explore and understand the experiences of implementers -- the senior managers and other staff charged with ...

How to Do a Discourse Analysis - PoliticsEastAsia.com

13/5/2013 · A toolbox for analysing political texts. Discourse analysis is a useful tool for studying the political meanings that inform written and spoken text. In other posts, I have provided a quick video introduction to the topic, and have discussed the ideas behind discourse theory, the main questions that students and researchers will likely ask as they set up their discourse analysis project, and ...

Trust, culture and communication ... - BMJ Global Health

Introduction Our study aimed to identify factors that influence access to eye care and eye health outcomes for remote Indigenous Australians living with diabetes. Methods In collaboration with Indigenous Community-Based Researchers (CBR) and Aboriginal Community Controlled Health Services (ACCHS), a qualitative, participatory action research approach was taken, drawing on Indigenist and ...

The Impact of Substance Use Disorders on Families and ...

The negative impacts of parental SUDs on the family include disruption of attachment, rituals, roles, routines, communication, social life, and finances. Families in which there is a parental SUD are characterized by an environment of secrecy, loss, conflict, violence or abuse, emotional chaos, role reversal, and fear.
