Engines processed and tested with DEUTZ technology carry the same manufacturer guarantee as new engines. You are on the safe side with genuine DEUTZ Xchange products: • More than 140 experience in engine construction • World-wide authorised DEUTZ service network Exclusive use of genuine DEUTZ parts

A diesel engine is similar to the gasoline engine used in most cars. Both engines are internal combustion engines, meaning they burn the fuel-air mixture within the cylinders. Both are reciprocating engines, being driven by pistons moving laterally in two directions. The majority of their parts are similar.
