Without a past and poised between the Andes and the South Sea (Mar del Sur), Lima was destined to become a new kind of city: both emporium and court. Notably, many of the once wondrous structures of Lima have led utterly modern and ephemeral lives, yielding to the sands of time; at the same time, the illustrious words that announced those wonders to the world have survived, if in fragmented form.

In her book *Inventing Lima: Baroque Modernity in Peru's South Sea Metropolis*, published by Palgrave in 2008, Osorio traced the transformation of a sixteenth-century hamlet of ramshackle structures into the seventeenth-century legitimate political center of the viceregal court in the vast Viceroyalty of Peru through the analysis of civic and religious ceremonies.
