How to Submit. Neurosurgery, the official journal of the CNS, publishes top research on clinical and experimental neurosurgery covering the latest developments in science, technology, and medicine. The journal attracts contributions from the most respected authorities in the field. It includes a wealth of information applicable to researchers and practicing neurosurgeons.

Journal of Pediatric Orthopaedics is a leading journal that focuses specifically on traumatic injuries to give you hands-on coverage of a fast-growing field. You'll get articles that cover everything from the nature of injury to the effects of new drug therapies; everything from recommendations for more effective surgical approaches to the latest laboratory findings.

The Journal of Pediatric Gastroenterology and Nutrition (JPGN) provides a forum for original papers and reviews dealing with pediatric gastroenterology and nutrition, including normal and abnormal functions of the alimentary tract and its associated organs, including the salivary glands, pancreas, gallbladder, and liver. Particular emphasis is on development and its relation to infant and ...

The FASEB Journal publishes international, transdisciplinary research covering all fields of biology at every level of organization: atomic, molecular, cell, tissue, organ, organismic and population. While the journal strives to include research that cuts across the biological sciences, it also considers submissions that lie within one field, but may have implications for other fields as well.

The journal is indexed with, or included in, the following: PubMed Central Asian Journal of Neurosurgery, a publication of Asian Congress of Neurological Surgeons (AsianCNS), is a peer-reviewed online journal with Quarterly print on demand compilation of issues published.

23/9/2021 · The journal "Acta Neurochirurgica" publishes papers dealing with clinical neurosurgery - diagnosis and diagnostic techniques, operative surgery and results, postoperative treatment - or with research work in neuroscience where underlying questions or results are of neurosurgical interest.

The official journal of the International Society for Pediatric Neurosurgery (ISPN) was founded in 1972 as Child's Brain. As of 1 January 1985, the Society changed publishers. The new official journal, Child's Nervous System has been expanded to encompass all aspects of the pediatric neurosurgery in the fields of pediatric development and growth, neurooncology, neurophysiology, epilepsy and ...

25/6/2021 · Aims & Scope The Journal of Pediatric Rehabilitation Medicine (JPRM): An Interdisciplinary Approach Throughout the Lifespan is designed to parallel the multidisciplinary teams caring for children, adolescents and adults with childhood-onset physical disabilities and complex care needs worldwide. Published quarterly, topics include, and are not limited to, cerebral palsy, traumatic brain ...

24/9/2021 · Journal Impact Factor: 1.45*, 1.21 (5 Years Impact Factor) Global Impact Factor: 0.654. Journal of Neurology and Neuroscience (ISSN: 2171-6625) is an international circulating peer-reviewed Open Access journal presenting original research contributions and scientific advances in the field of Neurology and Neuroscience.

24/9/2021 · Journal Impact Factor: 1.45*, 1.21 (5 Years Impact Factor) Global Impact Factor: 0.654. Journal of Neurology and Neuroscience (ISSN: 2171-6625) is an international circulating peer-reviewed Open Access journal presenting original research contributions and scientific advances in the field of Neurology and Neuroscience.

Neurosurgery or neurological surgery, known in common parlance as brain surgery, is the medical specialty concerned with the prevention, diagnosis, surgical treatment, and rehabilitation of disorders which affect any portion of the nervous system including the brain, spinal cord, central and peripheral nervous system, and cerebrovascular system.

On the Cover Born Gaius Octavius, Augustus Caesar, the first Emperor of the Roman Principate is considered one of the greatest leaders in human history. Great nephew of Julius Caesar and noted in his will as his son and heir, Octavian (as he was also known) ushered in Pax Romana, a period of relative peace for the Roman Empire. The month August is named in his honor, having previously been named ...

Journal of Neurology, Neurosurgery & Psychiatry 2021; 92 897-907 Published Online First: 01 Mar 2021. doi: 10.1136/jnnp-2020-325302 Read the full text or download the PDF:

Paediatrics (also spelled pediatrics or pædiatrics) is the branch of medicine that involves the medical care of infants, children, and adolescents. The American Academy of Pediatrics recommends people seek pediatric care through the age of 21. In the United Kingdom, paediatrics covers patients until age 18. Worldwide age limits of pediatrics have been trending up year over year.

18/7/2021 · A Journal of Progress in Neurosurgery, Neurology and Neurosciences Publishes research on neurosurgery, neurology, neuroengineering, neurosciences, neuropharmacology, stem cell applications and innovations in related fields.

Tissue Engineering. Tissue engineering (TE) is a rapidly evolving discipline that seeks to repair,

replace or regenerate tissues or organs by translating fundamental knowledge in physics, chemistry and biology into practical and effective materials, or devices and clinical strategies.^{37,38}

16/1/2020 · Journal Impact Factor List 2019. Here is the latest Impact Factor List of 2019 provided by the Journal Citation Report (JCR). It contains over 12000 Journals.

Application of the CARE Guideline as reporting standard in the Journal of Spine Surgery. The Journal of Spine Surgery welcomes case reports which are supposed to report new observations of diseases, clinical findings or novel/unique treatment outcomes relevant to practitioners in the fields of medicine..
