Principles and Practices of Management 7
Unit – 1 Management an Overview Q.1.

Define Management and describe its essential characteristics or nature. Ans. According to Harold Koontz, "Management is an art of getting things done through and with the people in formally organized groups."

Leadership can manifest itself in a number of ways, including recognizing when employees need an extra boost of reinforcement and praise to handling conflicts between team members fairly and decisively. Often, managers may function as leaders even during small personal interactions by modeling supportive,

Chapter 8 The Entity Relationship Data
Model. Adrienne Watt. The entity
relationship (ER) data model has existed for
over 35 years. It is well suited to data
modelling for use with databases because it
is fairly abstract and is easy to discuss and
explain. ER models are readily translated to
relations.
