Series III Workshop Manual. Category: Resources/Information. I can't remember where I got this from originally, I found it on Google obviously, but I've uploaded it here, labelled in the parts in which it came for ease of downloading. Credit goes to the person who originally undertook the massive task of scanning the bugger! Intro and Specs.

its first cars during an acute shortage of steel, which was experienced by the entire UK industry after the end of World War II. However, the founders of the company, brothers Maurice and Spencer Wilkes, tried to make the machines as strong and reliable as possible. The development of the prototype began a year earlier, for which ...
