connecting. 1 Connect the power cable to the DC port on the back of the monitor.

Observe the following guidelines when connecting and disconnecting power from the LCD monitor: • Make sure the monitor is attached to its base before connecting the power cord to the AC power outlet. • Make sure both the LCD monitor and the computer are turned off before connecting any cable or unplugging the power cord.

3. Place the wall mounting arm onto the back of the monitor. Line up the holes of the arm with the holes in the back of the monitor. 4. Insert the 4 screws into the holes and tighten. 5. Reconnect the cables. Refer to the user's manual that came with the optional wall ...

monitor surface with a lint-free, non-abrasive cloth. Stubborn stains may be removed with a cloth dampened with mild cleaner. • Avoid using a cleaner containing alcohol or acetone. Use a cleaner intended for use with the LCD. Never spray cleaner directly on the screen, as it may drip inside the monitor and cause an electric shock.

of time. This will protect the monitor from damage due to power surges. • Never push objects or spill liquid of any kind into the slots on the monitor cabinet. • To ensure satisfactory operation, use the
