25/1/2010 · Autozone guy reset the car and Check Engine light went off. Well, this morning the Check Engine light came on again. So this morning I just went to the Mazda parts & bought the factory fuel cap, cost \$32.00. I just un-plugged the car battery cable for a couple of mins, & plugged the battery cable again just to clear the Check Engine light.

SOURCE: 1998 mazda 626 check engine light flashing Your vehicle's computer system has self-testing capability. When the computer senses that there is a problem with one of the components or sensors it stores the correspondent trouble code(s) in its memory and lights up the "Check Engine" or "Service Engine Soon" light to tell you that there is a problem and you need to diagnosed and repaired it.
