8/9/2012 · Engine_Problems - Mini Cooper Forum. A failed gasket between #3 & #4 (very low compression) would not be a surprise and the motor would run very roughly (now a 2 cylinder), with very low power, after the rupture.

8/8/2014 · Discussion Starter · #1 · Aug 7, 2014. Hello, I bought a lease return Mini Clubman S in 04/2011 and the dealer missed to mention something now dramatic to me: A Clubman S can use up to 1L oil per 1000KM. Well, I learned my lesson. After 5k KM the timing chain jumped. The BMW dealer told me: There was no oil in the engine.

Reading Mini Cooper Engine Problems

The carbon build up can cause drivability issues such as stumbling, flat spots and lack of power, poor throttle response, or in extreme cases, internal engine damage. In addition, Mini Cooper engine carbon build-up on the intake valves is commonly associated with an inconsistent idle and in some cases, a direct injection engine will not idle at ...

Problems and faults: Mini R56 Cooper. The engine may not crank and the electric steering lock symbol may illuminate if the steering wheel is jammed – turning it slightly may solve the problem. Where fitted, the sunroof shades may drift open or closed due to insufficient friction in the guides.

20/12/2020 · Sorry I Am Not Perfect: Common 2nd Gen R56 MINI Problems. The R56 MINI was the golden era of automotive fun and freedom on the open road away from emissions and electric power. The MINI brand was thriving with its quirkiness and off the wall marketing push, which made it a global success given its British icon status in fashion and on the road.

3/7/2020 · 252 Posts. #8 · 9 mo ago. Only 217 affected vehicles, which means it was an acute production batch issue. Also, the 3-series and Z4 use a different variant of the B46/48 than MINI's. Other BMW's, such as the 4-series, 5-series, X1, X2, and X3, also use the B46/48 and they have not been identified as having this issue, which further supports ...

A part of the agreement MW will pay up to \$4,500 for an engine repair and up to \$2,500 for Mini Cooper owner who sold their vehicle at a loss. The exact amount for each claimer will be determined by the age of the vehicle and the number of miles on it.
