Small engine repair is a trade that is always in demand and it is also a skill that applies to numerous machines. Small engines are used to power motorcycles, motorboats, lawnmowers, lawn equipment and other types of outdoor equipment. The ability to fix these various types of small engines can lead to a productive and long-lasting career.

The larger and more modern the motorcycle engine, the longer it is likely to last with a good maintenance routine. For example, a small 250cc engine on a 1995 Kawasaki Ninja may only last for about 20,000 miles before replacement is necessary. However, a 1000cc ...
