The word was first used, curiously, to describe ... in terms of the logic of alterity, of Otherness, but it cannot be thought of without examining the historical context of colonisation, its

and Otherness. According to this, cultural identity as expressed in literature is re-established through constant dialogue with other cultures and literatures. This dialogic nature pre-determines that the study of cultural identity and/in literature is best performed in and with the tools of the discipline of comparative literature.
