communication (technical/engineering drawing) may prove irreplaceably useful. Drawing (just like photography) is one of the basic forms of visual communication. Drawing is used to record objects and actions of everyday life in an easily recognizable manner. There are two major types of drawings: artistic drawings and technical drawings.

Engineering Drawing is one of the basic courses to study for all engineering disciplines. The primary problem faced in learning and teaching of engineering drawing is the limited availability of text books that focus on the basic rules and
