are also useful for capturing a series of photos to be sure you get the shot you want. 1. With the camera powered off, press and hold the Shutter button [] until capture begins. 3 sec Your camera powers on, beeps several times, and automatically begins capturing time lapse photos. The camera status lights blink once for each photo captured.

To use the manual offline, you'll need to save a copy to your computer. At the top left of the manual window, find the "diskette" icon. Click this to "Save A Copy" of the PDF file to whichever folder you choose. Now when you double-click your manual PDF file, it'll open in Acrobat Reader. And you can easily print out all or just part of it.

Here you will find links to the User Manuals for the latest versions of Movavi products: read online or download PDF file.
