Le procès de Nuremberg intenté par les puissances alliées contre 24 des principaux responsables du Troisième Reich, accusés de complot, crimes contre la paix, crimes de guerre et crimes contre l'humanité, se tient du 20 novembre 1945 au 1<sup>er</sup> octobre 1946 dans le palais de justice de Nuremberg et constitue la première étape de la mise en œuvre d'une juridiction pénale internationale.

Maximilian Schell (8 December 1930 – 1 February 2014) was an Austrian-born Swiss film and stage actor, who also wrote, directed and produced some of his own films. He won the Academy Award for Best Actor for the 1961 American film Judgment at Nuremberg, his second acting role in Hollywood. Born in Austria, his parents were involved in the arts and he grew up surrounded by acting and literature.

1: I gather that "folk psychology" is the flip side of the coin to "folk physics" (for want of a better term). There is evidence that babies have an instinctive set of beliefs about physics built in, such as the persistence of objects.

Maximilian Schell est le fils de l'écrivain suisse Hermann Ferdinand Schell (de) et de l'actrice viennoise Margarethe Noé von Nordberg (de).. Il obtient son premier rôle important au cinéma en 1958 à Hollywood, aux côtés de Marlon Brando dans Le Bal des maudits d'Edward Dmytryk [1] ; il tourne ensuite dans de grandes productions, comme Topkapi en 1964 ou Un pont trop loin en 1977.
