installations; upgrade over baystar and mechanical steering - easier to steer

Initially, the EJ253 engine had two ignition coils (one for each pair of cylinders, i.e. 1-2 and 3-4) which fired the spark plugs directly twice per cycle. The ignition knock control system had 'fuzzy logic' that enabled the maximum ignition advanced angle to be used without detonation since the programme continually adapted to changes in environmental conditions and fuel quality.

15/9/2021 · Ignition timing has a major effect on engine performance and can be easily changed a lot by turning the wrong adjustment screw. Replace old parts to ensure peak performance ,quick starts and fun filled boating. 4 & 2. Buy Now. .
