11/7/2015 · OpenGL® SuperBible, Fifth Edition is the definitive programmer's guide, tutorial, and reference for the world's leading 3D API for real-time computer graphics, OpenGL 3.3. The best all-around introduction to OpenGL for developers at all levels of experience, it clearly explains both the API and essential associated programming concepts.

this version can be very useful guide, and **Opengl Development Cookbook By Mobeen Movania Muhammad 2013 Paperback** books play an important role in your products. The problem is that once you have gotten your nifty new product, gets a brief glance, maybe a once over, but it often tends to get discarded or lost with the original packaging.
