Close Coupled Motor Centrifugal Pump –
spec Sheet.pdf; FA Questions: Question:

Ebooks Owners Manual Berkeley Pumps ebooks

Are centrifugal pumps variable speed?

Answer: Most centrifugal pumps do not have variable speed motors. However, you can control flow rate on the discharge using a valve.

when servicing pump, allow it to cool for 20 minutes after shut-down before handling. Do not allow pump or any system component to freeze. To do so will void warranty. Pump water only with this pump. Periodically inspect pump and system components. Wear safety glasses at all times when working on pumps.
