The Professional Association of Diving Instructors (PADI) is a recreational diving membership and diver training organization founded in 1966 by John Cronin and Ralph Erickson. Cronin was originally a NAUI instructor who decided to form his own organization with Erickson, and to break diver training down into several modular courses instead of the single universal course then prevalent.

Today, the use of technology has been an effective tool on improving such kind of enrolment system. In this study, the use of Visual Basic 6.0 and MS Access database will help to improve the efficiency of the enrolment in the Palompon Institute of Technology- Tabango Campus.
