I only had time to review your study guide, but I felt your study guide covered 80% of the questions on the AM section and 70% of the PM. I did pass. Thank you for your study guide, I used pretty much only your study guide. Highly recommend this guide to others.

Also make sure to buy the NCEES practice sample exams -- the key to passing the Power PE exam is to practice doing problems . Refer to theory/concepts as needed but always focus on doing 5 min problems utilizing those concepts . For a good textbook to study in depth for the PE exam, I recommend the Electric Machines and Drives book by Wildi .

This was pretty much my strategy and it worked well. A couple other resources I recommend are: Engineering Pro Guides Power PE Full Exam This was slightly more difficult than the PE but had a few really good problems that helped me on the exam.. Complex Imaginary Practice Exams These problems are more straightforward than the PE but they are good for building those foundational skills.
