Once the blue check mark is lit, you're good to go. Sterilizing takes about 7 minutes and it's very lightweight. I've used this for 7 weeks now (baby is 7 weeks old). I sterilize all Dr. Browns bottle parts, a Haaka, pacifiers, and pump parts. It can hold up to 6 bottles and a bunch of the small items - see photos.

39) Breast Pump. I have personally only tried a manual breast pump, but then realized I didn't really need it and kept breastfeeding. However, you may want to consider an electric one if you plan on using it often or if you are planning on going back to work soon – makes life so much easier.
