The 914 came in either a 4 cylinder or a 6 cylinder engine version. If you're looking for restoration parts or reproduction parts for your Porsche 914, Sierra Madre Collection is the perfect place to look. We have a huge online catalog of Porsche 914 parts and accessories available direct to enthusiasts like you.

1.8L engines. The 1.8L engine serial numbers begin with the letters EC. In 1973, Porsche developed an increased displacement motor for the 914. The 914 2.0L used the same Bosch MPC (D-Jetronic) that the 1.7L motor had used, however, almost none of the parts from the injection system are interchangeable.

The four-cylinder Porsche 914 cars used Volkswagen paint code conventions consistently throughout their seven-year production run. Of course, the marketing folks needed something to do, so the color names sometimes differed from the VW models with the same paint codes, and even these names occasionally changed year-to-year.

See details 2270 Porsche 914 Performance Engine Kit #40066 Forget that six cylinder conversion for your 914! Keep that car lighter by upgrading your original 4 cylinder engine to one of our Massive 2270cc packages with an engine kit from The Type 4 Store.
