A nutritious meal is of little value to a child if it is not eaten and enjoyed. Make it one of your goals to serve meals in a relaxed, social atmosphere. Think of mealtime as a communication time, a time when you can converse with, nurture, and obtain feedback from children. Consider removing the distractions of scattered projects, unfinished ...

22/12/2015 · Caregivers, teachers, and family members all have roles to play in fostering young children's mental health. Caregivers and teachers may be the first people to notice that a young child is experiencing mental health problems. Support from caring adults can help most children recover even when very bad things have happened in their lives.

This study sought to establish the relationship between the attitude of teachers in the early grades (1 and 2) towards the use of the mother tongue as a medium of instruction and the listening comprehension skills of their students in those grade
