She focuses more on teaching than formal policy research in her non-tenure track position. She typically teaches some of the largest sections of economics courses offered, and makes use of technology to make the class more engaging for the students.

1 Ten principles of economics HOW PEOPLE MAKE DECISIONS #1: People Face Tradeoffs There is no such thing as free lunch. To get one thing that we like, we usually have to give up another thing that we like. Making decisions requires trading off one goal against another. #2: The Cost of Something Is What You Give Up to Get It The opportunity cost of an item is what you give up to get that item.
