31/10/2017 · The social contract is the mechanism constructed for a polity to control the state of nature, much in the same way Clausewitz designed the secondary trinity as a way for 19th century Prussia to frame the elements of war's nature. Under the contract, the state is to provide for the armed forces and to enact law, creating order and security.

I disagree with the widely accepted notion echoed by the book: the CCP achieved "the most mind-boggling growth in the history of the world." Many use "miracle" to describe it. The Mainland living standard has just reached that of Taiwan and S. Korea in the 1980s based on GDP per capita adjusted for inflation, so the PRC took twice as much time to achieve the same as some other counties.

8/4/2008 · Loy Machedo’s Book Review – Nudge by Richard H. Thaler and Cass R. Sunstein I love reading book. Books on Thought-Provoking, Critical-Thinking, Cognitive Science, Business, Biographies, Self-Improvement and so on. But the most important characteristic I admire and love about a book, is its ability to make something simple and understandable.
