John Locke has a way of writing that is easy on the mind because his characters are appealing in an off-beat kind of way. The protagonist, Dani Ripper, is a private investigator and decoy; i.e. a wife or fiancé pays her to see if she can chat up the husband / boyfriend, an occupation Dani feels is two clicks below hookers and only six above politicians.

I know I'm repeating what a lot of you already know. I'm sorry. I have a point. Based on John Locke's lies about how he hit bestseller lists, I ditched a whole long list of planned nonfiction courses, and revived my fiction career. I'm now a couple weeks out from finishing the first draft of my second Cadence Drake novel: WARPAIN.

Inheritors of the Calvinist Reformed tradition have long disagreed about whether knowledge of God's nature and existence can be or need be acquired inferentially by means of the standard arguments of natural theology. Nonetheless, they have traditionally coalesced around the thought that some sense or awareness of God is naturally implanted or innate in human beings. A root of this ...

In fact, Locke only added this brief chapter to the fourth edition of the Essay in 1700, and in it uses the phrase only twice. Nonetheless in very different ways – though not distinct ways – both habit and the association of ideas play key roles in Locke's theory of the conduct of the understanding, itself crucial, in his view, to the health of the Christian soul and the body politic.
