A BRIEF HISTORY He defined psychology as: The word 'psychology' is derived from the Greek psyche (mind, soul or spirit) and logos (knowledge, discourse that division of Natural Science which takes or study). Literally, then, psychology is the 'study of human behaviour – the doings and sayings, both the mind'.

Gross's book has been described as the trailblazer in the psychology textbook revolution and the psychology student's bible. It has established itself as the benchmark introductory psychology textbook. Its 50 chapters cover every conceivable topic, from substance abuse to health psychology, from criminological psychology to moral development.
