Sing. J.L.S. Regional Autonomy and Legal Disorder had lawmaking powers—at least 50 per cent more than in 1999 when regional autonomy was designed and put into place. This number is likely to increase further as provinces, districts, cities and other tiers of government are carved out from existing regions.

As a new autonomy region, Bandung Barat Regency should also include and adapt the new regional development orientation to address the objective of regional autonomy to increase its citizen prosperity. The emergence of Bandung Barat Regency as a new autonomy region basically is related with the trend of regional proliferation.

Consequently, what Wetherill concluded in the general context of EU regionalism applies equally to subnational citizenships: “the EU does affect internal patterns, and it operates largely as a force of centralisation”.²² The only persons who can be worse off following the increase in the importance of regional-level regulation and the proliferation of personal legal statuses created by the ...
