His five-year romp through Bill Gates's Camelot was over. Microsoft security would be walking in any moment to clean out his desk and scan his computer's hard drive. No sensitive materials could leave the building. Alex St. John could almost hear the bootsteps. He knew what to do.

But the three "software warriors" portrayed in *Renegades of the Empire* were over the top, even by Microsoft standards. Alex St. John, Eric Engstrom, and Craig Eisler started at Microsoft as evangelists, the guys who persuade companies to create products to run on Microsoft operating systems.
